

Window 1: AMPT Journal (Taylor and Francis)

This window is yet to open. Will intimate to you.

Window 2: Materials Today: Proceedings

All the papers should be uploaded on Editorial Manager. You can use the following link:

<https://www.editorialmanager.com/matpr/default1.aspx>

While log in when you are clicking “Submit a new manuscript” you will be prompted to select article type. Here you should select “SI: 13th ICMPC” from pulldown menu. Such papers will be automatically directed to us. After peer review when the paper is accepted, author needs to register before we can formally accept the paper in Editorial Manager. The moment we accept the paper in Editorial Manager, usually it takes around 20 working days before paper appears online on sciencedirect.com. But a lot depends upon how efficiently you do proofread, sent by Elsevier.

Window 3: AIP Conference Proceedings

These papers will be indexed both in Scopus and Web of Science (WoS). If authors wish to submit paper for this window, they need to follow the guidelines to prepare the manuscript using the below link:

<https://aip.scitation.org/apc/authors/preppapers>

Once the manuscript is prepared, it can be sent to conference ID; icmpc-hyd@griet.ac.in.

For further details, keep in touch with conference website (www.icmpc.com). If you have any question, you can contact Mahesh. For updated you can join ICMPC telegram group:

<https://t.me/joinchat/SBTYWllbJBxY-TaDjiXKZw>

Regards

Prof Swadesh Kumar Singh, GRIET Hyderabad
